MONDAY 29 NOVEMBER 2021 19:00 - 21:00

RECOGNISING EXCELLENCE IN NIGERIA'S CONTENT INDUSTRY

Join us for a night of celebration on Monday 29 November 2021 as we recognise excellence in the Nigerian Content Industry. Offering an unparalleled opportunity to network with the regions key decision makers and thought leaders, the Awards Evening is an unmissable occasion during PNC 2021.

AWARD CATEGORIES INCLUDE:

Human Capacity Development Award

This category seeks to recognise the commitment of Indigenous or international organisations in the Oil & Gas industry, that has made significant impact in in-country human capacity development in the last 10 years.

TECHNOLOGY AND Knowledge Transfer Award

This category recognises the efforts of an International company that has most provided the impetus for growth of local organisations. A company that can clearly demonstrate technology and knowledge transfer in the oil 8 gas sector within the last 10 years.

Manufacturing Of Goods & Services Award

This award is for an indigenous brand that has consistently provided the best quality locally manufactured product(s) or services in the last ten years.

SUBMIT YOUR NOMINATIONS TODAY!

Nominations close on Friday 5 November 2021

Submit your nominations at https://www.pncnigeria.com/practical-nigerian-content-awards/

dmg events In Nigeria

Over the last 2l years, our energy industry events have gathered the top echelon of the Nigerian oil and gas industry including **presidents**, **ministers**, **heads of government agencies** and **CEOs**. Senior industry stakeholders annually convene for the opportunity to convene to **hear new policy announcements**, **deliberate challenges**, **explore solutions** and **explore investment opportunities**.

The Sickle Cell Aid Foundation

The Sickle Cell Aid Foundation is a youth led non-profit, non-governmental organisation established to raise awareness about sickle cell disease and related health conditions. Nigeria records the highest incidences of the sickle cell gene and disease globally with 150,000 children born with SCD each year and 100,000 of them die before they are 5. This indicates that there is still a lot amiss regarding awareness and delivery of medical care to patients who have SCD, especially the young and indigent.

NIBUCAA

dmg Nigeria events has supported the Nigerian Business Coalition Against AIDS (NiBUCAA) for over five years now. We have been an active member of the coalition as we share NiBUCAA's belief that the private sector should respond to the growing challenges of HIV/AIDS ensuring equal rights and opportunities for employees infected or affected by the virus.

Practical Nigerian Content Youth Workshop

In partnership with the Nigerian Content Development & Monitoring Board (NCDMB) and the Bayelsa State Government, dmg Nigeria events has developed the annual Practical Nigerian Content Youth Workshop. Working closely with local youth groups and societies, student organisations and professional associations, the Youth Workshop brings together over 300 Bayelsan graduates from across the state to this free-to-attend forum.

PIND

The Foundation for Partnerships Initiatives in the Niger Delta (PIND) is a Nigerian non-profit organization working to promote peace and equitable economic growth in Nigeria's Niger Delta region by forging multi-sectoral and multi-stakeholder partnerships at the regional, national and international levels. PIND works closely with numerous partners to implement collaborative market-based, community-owned programs to mitigate conflicts and boost economic opportunities for local businesses, ensuring that economic progress occurs in a systemic, inclusive, and sustainable manner. Since 2010, PIND and partners have strengthened and stabilized Niger Delta communities by reducing poverty, powering coastline communities, nurturing employment, fostering stability, and enabling development. Learn more about PINDfoundation.org.

PANEL DISCUSSION

Growth Levers and Investment Opportunities Arising From Nigeria's Petroleum Industry Act

- How can the PIA effectively create an enabling environment to encourage gas exploration and production?
- How can the PIA unlock more opportunities for Nigerian Content development to spur sustainable development and growth?
- How will the global energy transition impact the success of the PIA?
- What enablers must be put in place for effective implementation of the Act for existing businesses?
- What steps can be taken to optimize the contracting process and period?

Speakers

Engr Simbi Wabote
Executive Secretary
Nigerian Content Development & Monitoring Board

Mike Sangster
Managing Director & Chief Executive
Total Upstream Companies in Nigeria
Chairman
OPTS

Richard Kennedy
Chairman & Managing Director
Chevron Nigeria/Mid-Africa Business Unit

Sadeeq Mai-Bornu
Deputy Managing Director
Nigeria LNG

Questions and Answers

15:30

PANEL DISCUSSION

What Are The Enablers Required To Bridge The Capacity Gap For Improved Local Content Implementation?

- What impact has the COVID-19 pandemic had on the progress of local capacity development?
- Are there investment opportunities for the development of new technology and intellectual property?
- What incentives are in place to encourage training, research, and development for improved capacity development? What more should be done?
- How can transfer of knowledge be further encouraged and enforced?
- How can industry players collaborate to close the technical skill gap?
- Maritime sector: how can Nigeria rapidly build capacity to meet the Cabotage Act?

Speakers

Akintunde Adelana
Director of Monitoring & Evaluation
Nigerian Content Development & Monitoring Board

Charlotte Essiet
Director Corporate & Regulatory Affairs
AOS Orwell

Tayo Akinkunmi Chairman PCTS
